

Uwe Techt

“Even the sky is not the limit”

Uwe Techt is an entrepreneur, author, speaker and CEO of VITEM GmbH & Co. KG. His aim is to help businesses grow in a healthy and sustainable way. In the German-speaking world, Uwe Techt is considered a pioneer and expert in the application of the Theory of Constraints in companies. He is known as a strategic thinker for fundamental change initiatives. His clients include well-known medium-sized companies as well as international corporations. His keynotes focus on practical solutions to real problems. For him, it's about a clear and sober presentation of context and connections so the audience can take and bring their own ideas from the lecture. In seminars and lectures, Uwe Techt vividly excites the participants with practical ideas that have proven successful. He understands how to give participants the courage to question existing practices and to forge new paths, true to his motto: “Even the sky is not the limit.”

Themes

› Focusing – the physics of economic success

- How to reduce your daily workload and gain more time for strategic decisions
- How to motivate and focus employees through clear priorities
- How to set priorities with the right tools and measurably increase your effect
- How to analyse, keep in your sights, and take the relevant decisions for your company's bottleneck
- How to identify the real needs of your customers, generate competitive advantage and gain market share

› “Anti-fragile” management – the sustainably flourishing companies

- How do you break through old patterns of thinking, release creativity and create a fertile environment for performance breakthroughs
- How to prevent disharmony and improve business results with methods
- How to use external stress acting as a force on your company as a turbo for your business growth

› Projects flow – more projects in less time

- How to reduce your workload while increasing your effectiveness
- How to systematically shorten the lead time of your projects and increase your capacity
- How to abolish internal deadlines, achieve higher speed and become more reliable
- How to avoid multitasking and sharpen your focus on essentials
- How to do more projects with the same resources

References & Press

His customers include renowned companies such as:

- Robert Bosch GMBH
- Carl Zeiss Microscopy GmbH
- Festo AG & Co. KG
- Siemens AG
- Trumpf GmbH & Co. KG

“Mr. Techt vividly clarified typical (thinking) errors around project work in our business's day-to-day work.”

Jana Fischer, Enovos Deutschland SE

“I've seldom come home with so much euphoria towards implementing practical business contents as after attending the seminar by Mr Techt!”

Elmar Locher, TOX® PRESSOTECHNIK GmbH & Co. KG

“Uwe Techt not only conveyed profound knowledge, but he enabled the participants to immediately implement this new knowledge within the company, understood immediately through true-to-life examples.”

Dr. med. Bernd Eisele, VPM

Inspiration

› People, books and events that inspire me:

“Encounters with Eliyahu M. Goldratt, discoverer of the Theory of Constraints, have inspired me, as well as Milton Erickson, founder of hypnotherapy. Hiking in the mountains and classical and contemporary music give me strength and are as important to me as talking with my colleagues, employees and customers.”
